

August 2011

Dear Food Safety Partner,

RE: Nominations for the 2011 Governor's Award for Excellence in Food Safety

The Delaware Division of Public Health is pleased to announce we are now accepting nominations for the 2011 selection of the Governor's Award for Excellence in Food Safety. This prestigious annual award will be presented by the Governor or his designee. We enthusiastically welcome our food safety stakeholders from industry, educational institutions and governmental agencies to participate.

The Governor's Award is presented each year to the "best of the best" in retail food safety. We invite you to nominate several candidates you know who are doing their best. With the award now in its 9th year, we are looking forward to receiving more nominations than ever.

Do you know someone:

- ✓ Who has an exceptional understanding of the Food Code and food safety?
- ✓ Who passes their facility inspections with few or no deficiencies each time?
- ✓ Who excels in training others, taking the initiative to correct problems that arise?

This is your chance to recognize that excellent employee and say "Thank You!"
The Governor's Award is an exciting opportunity you do not want to miss!

Nominations are open to all food establishment employees and will be accepted until September 7, 2011. For more information about the Governor's Award, please call the Office of Food Protection at 302-744-4743. We hope to receive your nominations soon.

Sincerely,

A handwritten signature in black ink that reads "Ralph Matthews".

Ralph Matthews
Program Manager
Office of Food Protection
