## **ORGANIZATIONAL SUMMARY**

The Delaware Restaurant Association (DRA) is the only trade association dedicated to the success, education and advocacy for Delaware's vibrant restaurant community. Delaware's 2,000 restaurants employ almost 50,000 people and support the state's economy with \$3 billion in annual sales. Along with its philanthropic arm, The Delaware Restaurant Association Educational Foundation (DRAEF), the DRA plays a vital role in state policy and education reform. The strength of our organizational success lies in the close relationships the DRA has built between its executive management team, our diverse membership, and our surrounding communities.
