Let your guests tell you what they want, from where they are and how they'd like it to get to them. Via URL, a tap or scan of a Ready code they can access your menu and pay on their phone in minutes. We provide fast and flexible contactless ordering for all kinds of venues. We integrate directly with your POS and can cater to any workflow. From your dining room, their car, to ordering ahead of time.

No wait. No app. No sign-up.

Ready supports Virtual Kiosk for contactless pick-up and Virtual Drive Thru for in car delivery. It's a flexible, fast and low cost solution for venues searching for first party ordering. A scan or tap on a code nearby connects them to your menu, so they can submit and receive their order.
