The restaurant industry has an outstanding track record of complying with food safety regulations, and continually remaining dedicated to protecting our employees and guests.

To ensure everyone’s safety as we welcome the public back into our dining spaces, we ask that restaurants and guests promise to abide by these defined safety & protection standards.

**OUR RESTAURANT PROMISE TO YOU**

- We will continue to be a leader in safe sanitation practices - encouraging all team members to become certified in safe food handling, and maintaining that a certified food protection manager is present on every shift.

- We will continue to protect both employees & guests by asking any staff that is sick or experiencing any COVID-19 related symptoms to remain at home.

- All indoor and outdoor seating options will comply with the appropriate physical distancing guidelines.

- Hand sanitizer and/or hand washing stations will be available at all times for both employees and guests, and all common areas/surfaces will be cleaned and sanitized frequently.

- Restaurant staff agree to wear proper face coverings for the safety of guests and coworkers.

- All tables and chairs will be cleaned and sanitized after every use.

- Place settings, utensils, menus, and condiments will either be single-use or will be cleaned and sanitized after every use.

- We will post the Delaware Restaurant Promise at our entrances so everyone understands the steps we must all take to keep our communities safe.

**YOUR PROMISE AS GUESTS**

- If you have recently been exposed to COVID-19, are experiencing symptoms (including a fever, cough, or shortness of breath), or have underlying health conditions, please help us keep everyone safe by using our contactless delivery or carryout options.

- All guests will limit party size, follow reservation & seating policies, and abide by all physical distancing guidelines.

- Guests agree to wear face coverings as required in public places (when entering and moving through restaurant), but are permitted to remove at the table for eating/drinking.

- If you have any questions about the Delaware Restaurant Promise, please ask to speak to a manager to address your concerns.
WHAT IS THE DELAWARE RESTAURANT PROMISE?
In partnership with the Delaware Restaurant Association and public health officials across the State, restaurant owners and operators will make a set of commitments to their employees and guests, entitled “The Delaware Restaurant Promise.” When guests see this endorsement and set of standards, they can be certain that the restaurant is taking all necessary steps to protect their employees and guests, and are committed to following all public health & safety guidelines provided by Governor Carney and the Delaware Department of Health during the Reopening Phases.

The Delaware Restaurant Promise also empowers restaurant guests to enact their own safety measures and follow the public health guidelines to protect both themselves and employees as we resume dine-in service within restaurants. With this collaborative community effort, restaurants and guests can work together to restore Delaware’s vibrant restaurant community - and get back to safely enjoying dining, gathering, celebrating and supporting their favorite restaurant locations.
