

Integrated Technology to Power Personalized Hospitality

Easy to train and use tools—tested + perfected with real people running **busy restaurants**. Wisely's products are built to function as **one integrated hospitality system**, engineered to simplify everyday tasks so you can get back to what matters most—your guests. Whether your goal is **implementing reservations** for the first time or **increasing dining room efficiency at limited capacity**, Wisely has the tools you need to make **personalized hospitality** a reality (even as we enter a 'new normal').

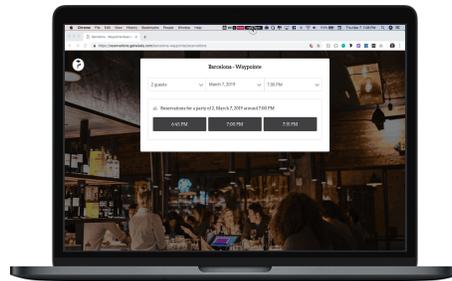

Waitlist

Drive parties directly from Google, social and your website with Wisely's 'Join Waitlist' button on all channels

Wisely's SmartQuote™ Technology learns your dining room, suggested quoting boosts waitlist retention

Keep in touch with guests in real-time via two-way texting and customizable automated messages

Coming soon: Guest option to "Order Ahead" while on the waitlist (order fires when they're sat—requires Olo)

Reservations

Direct to Consumer, no per cover fee, modern interface for ops + guests

Your book, your way—complete control over your reservation availability (view, edit, publish)

Personalize the guest experience in-restaurant, system automatically connects guest info to Host App (visit history, birthday, etc.)

Option to turn on pre-paid reservations for contactless pre-fixe menus or custom reservation types

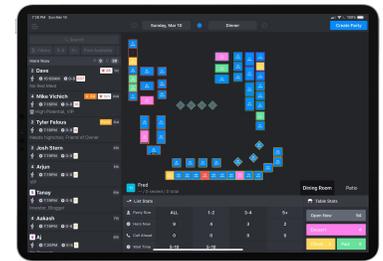

Table Management + Curbside Take-out Comms

Intuitive interface—easy to train & use iPad App for the Host Stand

Mission control for your FOH allowing you to greet, seat, and serve guests with no time wasted

Decrease time btw turns w/ suggested seating and section based quoting

For curbside: Olo orders flow into the app, guests are notified when their order is ready & text back (e.g. car make/model) for hand-off

"Wisely has been a true partner for us—they're constantly improving the tools based on our suggestions, and problem solving with us to help us meet our needs as we grow. Overall, they help us be better at what we do."

— Bill Long, CFO @ Snooze
